

## GREAT BRITAIN AND FRANCE AT ODDS ON RUSSIA

English Would Reduce Soviet War  
Debts, While France Insists  
on Full Payment

### DUEL OF WORDS

Lloyd George and Louis Barthou  
Have Sharp Clash Over  
Varying Attitudes

(By the Associated Press.)

Genoa, April 28. — Two historic documents dealing with the reconstruction of Russia have been submitted by France and Great Britain to the economic conference and tonight are in the hands of a special drafting committee appointed by the subcommittee on Russian affairs which will endeavor to harmonize the difference in them.

The special drafting committee will report to the full subcommittee Saturday morning and the subcommittee, after approval is given, the report will be submitted to the Soviet delegation. The French document sketches at length means for restoring Russia's agricultural and industrial activities while that of Great Britain devotes more attention to credit from Russia.

France insists on the full payment of Russia's war debts and the restoration of private property to foreigners; Great Britain favors a reduction in Russia's war debt and is willing to be satisfied if Russia grants former foreign owners the use of their property instead of a return of actual ownership.

The adoption of the 12 articles in the agreement with Russia which regulates the disposal of the Russian debt is favored by France. She demands that the Soviet conclude before December 31 an agreement with representatives of owners of Russian state bonds in order to provide for the payment of interest.

### Arbitration Commission Proposed.

If an agreement is impossible, according to the French contention, the Soviet must promise to accept the decision of a mixed arbitration commission. The members of which would be appointed by the chief justice of the supreme court of the United States or by the league of nations or by the president of the court of international justice.

The French draft demands in case private property cannot be restored that Russia shall pay indemnities. These indemnities would be provided for by an issue of new Russian five per cent bonds. The mixed arbitration tribunal of three members, one from Russia, one from an interested third country and the third, who would be president, to be designated by the chief justice of the supreme court of the United States, would decide disputed points.

Today's discussion of the two drafts brought forth a diet of words between Premier Lloyd George of Great Britain and Louis Barthou, chief of French delegation, which the auditors described as both witty and satirical. Signor Schanzer of Italy, as usual, took a leading role in the discussion, urging conciliation between the French and British attitudes.

Mr. Lloyd George characterized the French project as elegant in form but defective in important features. He objected to France's picture of Russian disorganization saying it would displace the Russian delegation. Moreover, he added, France's draft spoke overmuch of agriculture and commerce, while it was superficial on the momentous question of credits.

Every country, Mr. Lloyd insisted, should say frankly what it was disposed to do for Russia. He urged the formation of a consortium with precise offers for each nation, specifically saying what it was ready to do, not necessarily in actual money but in general guarantees and regarding a resumption of commerce with Russia.

Mr. Barthou did not share the British premier's viewpoint and described the French draft as too religiously moral.

The understanding tonight was that Mr. Barthou would proceed to Paris sometime tomorrow to discuss the general situation with Premier Poincare. There were unverified rumors this evening that he would not return to Genoa.

### LORD AND LADY ASTOR COME TO WASHINGTON

Washington, April 28. — Lord and Lady Astor came to Washington today from Baltimore, where guests at luncheon at the capitol, spoke at the National Press club, and later in the day attended a reception given by Mrs. Charles E. Hughes at the Pan-American building for the Pan-American Conference of Women. Tonight they attended a meeting at Continental Memorial hall for the Pan-American Women's conference, at which the speakers were Secretary Hughes and members of the diplomatic corps.

From the time of her arrival, Lady Astor was the center of admiring groups.

### REDEEM IRISH BONDS.

St. Louis, April 28. — The eight million dollar Irish Republic bonds, between five million and six million dollars of which were sold in the United States, will be redeemed soon after formal establishment of the Irish Free State as a government, John Forrester, member of the Dublin municipal council, announced here today.

## TEMPORARILY AVERT PAPER MILL STRIKE

But Union Leaders Predict Men  
Will Later Reject Manufacturer-  
ers' Wage Proposals

New York, April 28. — A possible strike of union paper mill workers next Monday was averted, at least temporarily, late today when union leaders and representatives of the manufacturers agreed to a two weeks' truce. The present wage agreement, which would have expired Monday, will be continued during the armistice.

In the interim, 60,000 labor men will vote whether to accept the terms laid before them today or reject them and strike. It is expected the vote will be completed by May 10, when delegates and manufacturers will meet in New York to survey the result.

The truce was the result of a series of conferences, following the manufacturers' announcement that, at the expiration of the present contract Sunday at midnight, they proposed to reduce the wages of skilled men ten percent and to eliminate all extra compensation for overtime.

When the delegates refused to consider this proposal, and threatened to strike if wages were cut, the manufacturers countered with an offer to withdraw their previous demands if they would be permitted to pay unskilled labor according to prevailing rates in the various localities.

Although the labor delegates were vested with authority to make such an agreement, they refused to sign a contract which, they asserted, would create open shop conditions among 30,000 of their members. The two-week armistice to permit local unions to vote on the proposition was the result.

Jeremiah T. Carey, president of the papermakers' brotherhood, refused to comment on the result of the negotiations, as did John P. Burke, president of the Brotherhood of Sulphite Papermakers and representative of 30,000 workers classed as "unskilled."

Among other labor delegates the belief was prevalent that the vote would result in refusal of the manufacturers' terms. Fully half of the voting strength was controlled by the non-skilled men, they said. They asserted that sufficient additional votes to defeat the plan overwhelmingly would be cast among the ranks of the skilled men.

## U. OF P. PROTESTS FEMALE STUDENTS

Alumni Report Recommends Separate Women's College Be Established at University

Philadelphia, April 28. — Protest against the inclusion of female students within the college walls so that to the casual observers the university has largely lost its quality of masculinity and degenerated into a hybrid organization of co-education is contained in a report of the directors of the alumni to the trustees of the University of Pennsylvania.

The report suggests that funds of million-dollar Bennett Foundation be used to create a separate women's college.

Limitation of enrollment is also advocated, the report stating that "we oppose the proposition that the university is for the masses."

"There is general revolt among the under graduates and alumni to the co-educational character of the institution, the former rebelling but rebelling impatiently, the report states.

Thomas H. Fritchett of the class of 1913 said that recently girls students of the university engaged in a class fight with "their pulling on the steps of college hall."

### MAN, BROODING ON SPIRITS, ENDS LIFE BY TAKING GAS

New York, April 27. — Leaving on his dresser a note stating that his pal believed in spirits, and a newspaper clipping reading "Woman Has Spirit Picture," a man, believed to have been Joseph Engle of Fallburg, N. Y., today committed suicide by turning on two gas jets in the furnished room he had engaged in a residence on East 12th street.

A letter from Fallburg, signed "Dave," apparently the dead man's brother, also was found. It implored "Joe, for Mama's sake, to return home."

### VASSAR COLLEGE HONORS MEMORY OF ITS FOUNDER

Poughkeepsie, April 28. — Vassar college today honored the memory of its founder, Matthew Vassar, in the annual founder's day celebration, athletic events, song contests and addresses being among the features. The seniors won for having the best song, while the juniors were decided to be the best singers.

Among the speakers were President Henry N. MacCracken and Louis Agassiz Fierstein of Cornell.

The memory of John Burroughs was also honored in the celebration.

### NAMES OF MANY OFFICIALS FOUND IN K. K. K. LETTERS

Los Angeles, April 28. — The names of three members of the district attorney's staff, six clergymen and, it is said, probably 100 Los Angeles policemen were found in the correspondence of the Ku Klux Klan seized in last night's raid it was learned here today. It was not known whether the clergymen were members.

## Lloyd George Has His Little Joke

Lloyd George snapped outside the Genoa palace where the conference is being held. And when Lloyd George forgets affairs of state for a moment there's bound to be a good joke passed.

## R. R. MEN BOLT WAGE HEARING

Presentation of Evidence of Outside Organizations to Board  
Nevertheless Continues

### LABOR CLOSING CASE

Won't Be Placed in Position of Being Drawn Into Another Hearing, Officials Say

Chicago, April 28. — Although executive heads of the railroad employees bolted from the wage hearing today at which outside organizations were allowed to give evidence on behalf of the public, it did not stop presentation of the industrial side of the dispute in which the National Industrial Traffic League asked the Railroad Labor board to throw out all controversies and revert the matter to the employees and the corporations.

The railroad men refused to sit in the hearing when J. M. Libby started to introduce the shippers' views. Frank P. Walsh, attorney for the employees, in a protest said that the employees are not going to be placed in the position of being drawn into another hearing.

As far as the men are concerned, the hearing is closed and we desire to make no rebuttal to evidence now introduced, as suggested by the board," he added "we could bring a small army of shippers in to testify that the railroad men are not deserving of a wage decrease and for every organization representing the employees, we could bring in 100 witnesses to testify that the board should not decrease wages."

The employees also presented a brief in which they protested the bringing in of outside parties not interested in the dispute.

In ruling that the outsiders had a right to intervene, not as a party to the dispute but as outsiders, Ben W. Hooper, chairman, said:

"The board holds that these parties cannot intervene here as parties to the dispute because the statute does not authorize it, but the board has the power to hear evidence if it desires, without obligating itself to do so at other hearings. The board has in this instance not gone out of its way and asked these men to appear here."

Four of the railroad men then walked out.

Outside organizations represented included the Industrial Traffic League and the National Industrial Conference board. Charts were presented tending to show that before 1913 wages in outside industries were less than those in railroad work, but that now the two were about equal.

## GAS POISONING BELIEVED TO HAVE KILLED BRIDAL PAIR

New York, April 28. — The theory that carbon monoxide gas, blown down the chimney in their suite in the Hotel Marguerite in Brooklyn might have caused the death last Wednesday of Mr. and Mrs. Fremont M. Jackson, aged and wealthy bridal pair, today was considered by the police.

Investigators, who began with an accident theory, turned to suicide, considered murder and came back to accident said the medical examiner's report gave some indication of gas poisoning although it first was announced that a strange and subtle poison had caused death.

The case, however, virtually awaits the chemist's analysis of the stomachs of the aged pair, which may take a week.

## SOVIET BLAMED FOR MURDER OF ROYALTY

Long Inquiry Leads to Full Responsibility for Crimes Being Placed on Bolshevik Government

(By The Associated Press.)

Paris, April 28. — Responsibility for the murder and burning of former Emperor Nicholas of Russia and all the members of his family is placed by Nicholas Sokoloff on the leaders of the Bolshevik government in Moscow. He made his statement after a three years' inquiry officially ordered by the Kolchak government.

M. Sokoloff for many years was investigating marksmen under the imperial reign in Russia, and is generally described as the best living authority on the circumstances surrounding the death of the Russian imperial family.

In support of his accusation, Sokoloff has gathered more than 3,000 pages of testimony and a gruesome collection of photographs, bones and clothes. Among the evidence is an official report of the murders to the Moscow government by the Soviet officials at Ekaterinburg, where the crime is said to have occurred.

"Inform Sverdloff that the entire family has endured the same fate as the head. Officially the family will perish during the evacuation."

The question of the Moscow Soviet's responsibility for the death of Nicholas and his family was revived this week by M. Tchitcherine's statement at Genoa that responsibility rested with the local Soviet and that Moscow did not know of the executions until after they happened because communications between Moscow and Ekaterinburg was cut off through Czech-Slovak occupation. This statement has been the subject of agitated comment and denial among Russian exiles in Paris and M. Sokoloff issued his report with the intention of furnishing final and definite proof that full responsibility not only for the murder of the former emperor but of his wife and four daughters is upon the Moscow government.

## DAIL EIREANN HAS A QUIET SESSION

Personal Attacks Dropped for the Time Being; DeValera Pleads for Avoidance of Dissension

(By The Associated Press.)

Dublin, April 28. — Today's session of the Dail Eireann was unexpectedly quiet. There was evident a desire not to pursue yesterday's personal recriminations, and when Arthur Griffith, president of the Dail, urged the necessity, owing to the grave state of the country, of the Dail remaining in session from week to week, there was unanimous approval. Later it was decided to adjourn the session until next Wednesday, the motion for adjournment being agreed to without division.

Mr. Griffith voiced his horror at the Dunmanway murders and the Clonmel seizures, but the members of De Valera's party, while associating themselves fully in condemnation of the Cork murders, were reserved regarding the Clonmel incident.

Eamonn DeValera, in a calm manner, followed Mr. Griffith with a plea for avoidance of dissension. Dr. Patrick McCarten then brought up the proposal of Michael Collins for a joint committee of public safety. Mr. Collins and Mr. Griffith did not comment, and Mr. DeValera confined his reply to an expression of hope that perhaps by proposals of a third party, the peace conference might lead to some agreement.

## TIME MUDDLE BEGINS SUNDAY

Situation Unusual in New York  
State, Where Both New and  
Old Will Prevail

### BIG CITIES CHANGE

Banks, Stock Exchanges and Business Radiating Out of Gotham  
on Daylight Time

New York, April 28. — Daylight saving will begin at 2 a. m. Sunday in more than 500 of the nation's largest cities, in about 200 smaller cities or rural communities, and in every nook or corner of several states, notably on the Atlantic seaboard.

Railroads will operate on standard time, unless a bill now before congress, which would give them permission to use daylight saving time, is passed. But banks and stock exchanges and business radiating out of New York and the four or five great cities along the coast will be on daylight saving time.

New York state, after an active year of organized furia opposition, is not following in the footsteps of its large cities. New York, Albany and Buffalo will be on daylight time, but such places as Syracuse and Rochester, agricultural as well as industrial centers, have repealed local ordinances and will continue to live by the old clock during the summer.

Massachusetts, Rhode Island, Maryland and New Jersey, however, will be on daylight time on a practically state-wide basis. Where local ordinances govern conditions, action has been unanimous to "save an hour."

In New York city, Philadelphia, Buffalo, Boston, Baltimore, Pittsburgh and Chicago the clocks will go ahead an hour. And in all these cities action by the local councils was unanimous, except where state laws took care of the change.

### Connecticut Local Ordinance.

Connecticut last year passed a law providing for daylight saving only by local ordinance. New London and New Haven alone adopted such ordinances, but this year Hartford has joined their ranks, and daylight saving will become almost state wide by action in cities and rural districts all over the state.

Rhode Island joined Massachusetts in a state law for saving daylight at the last session. All of Maine's large cities will save the hour, but most of New Hampshire will leave its clocks alone tomorrow.

Chicago is the center of a middle west belt which will have daylight time. The city decided last year to change its clocks by a vote of the people, and the ordinance has not been attacked since. To keep pace with the largest city on the lakes, such places as Cleveland, Toledo, Detroit, Racine and Milwaukee have adopted time saving ordinances. Lansing, last year on regular central time, will change this year.

Most of the leading business centers of Europe have adopted daylight saving permanently. Paris will continue it this year but discard it in 1923 under a new law. London took to saving daylight on March 26 while all the cities of Belgium and France will join her tomorrow or already have done so. Germany, by a national law, holds aloof and will conduct all its business and trade on its usual time standard.

In New York State the situation in New York city is peculiar. In the first year of Governor Miller's administration, the "farm bloc" passed a bill repealing the state daylight saving law but permitting it by local ordinance. All of the large cities had daylight saving last year, but many have changed for the coming summer.

Most notable among these cities are Rochester, Syracuse and Oswego. After one of the hardest local fights the city has ever known, Syracuse on April 19 passed an ordinance against tinkering with the hands of the clock. This was followed by action in nearby, smaller cities, such as Ogdensburg, Watertown, Oneida, Binghamton, Cortland and Auburn. Binghamton later agreed to remain on standard time, so that the central part of the state will be almost entirely served by the "winter clock."

The principal seaboard summer resorts will be on the new time, Atlantic City, Newport, Narragansett and Bar Harbor will save daylight. Banks in New York will operate on the daylight time as will the stock exchange and all other business. Trains will be run on old time, unless the new bill is passed by congress, but as was the case last year there will be a special timetable arranged for commuters which will get them into the city on time.

The trains going west will leave here on standard time, reach Albany on daylight time and pass Syracuse and Rochester on standard time, bringing a new complication for travelers. Watches will be an hour ahead of the train leaving New York, but on time in Albany, while at Syracuse they will be an hour fast.

Up to the present, no consideration has been given in Oneonta to a time change and everything, including business places, banks and industry will remain on standard time. The overwhelming defeat of new time at last year's referendum, doubtless served as a damper on any movement which might have started for changing the clocks here.

### HARDING BACK HOME.

## EX-PRESIDENT OF FRANCE IS DEAD

Paul Deschanel's Eagerness to Be  
About Undoubtedly Hastened  
His Death

(By The Associated Press.)

Paris, April 28. — Paul Deschanel, former president of France, died today after an illness of less than a week.

The passing of M. Deschanel, who for many years had been prominent in the political life of France, caused widespread sorrow. His friends had hoped for his recovery until this morning, when the physicians in attendance announced that he could not survive.

The former president's eagerness to be up and doing, notwithstanding his long weakened condition, played an important part in the hastening of his death. He insisted last week on leaving his residence before he had completely recovered from a cold. There was a relapse Sunday, and double pneumonia developed on Wednesday.

Premier Poincare was among the first persons to call at the Deschanel residence after the death of the statesman to express the sympathy of the French government.

After his resignation from the French presidency in September, 1920, M. Deschanel lived in retirement for several months. His condition improved steadily and late that year it was announced he had completely recovered his health. In January of last year he became a candidate in the senatorial elections, conducting a successful campaign and being returned for Eure-et-Loire on January 9. He began attending the Senate sessions the following May and in January of this year was appointed a member of the Senate foreign affairs committee to replace M. Poincare when the latter assumed premiership.

## LENINE HAS BULLET REMOVED FROM SIDE

Russian Premier Resting Well;  
Operation Comes as Aftermath  
of Attempted Assassination

(By The Associated Press.)

Moscow, April 28. — Premier Lenine is sleeping well and is not suffering any pain as a result of the removal of a bullet from his side a few days ago by Dr. Burdhardt, a German surgeon, who was assisted by several Russian surgeons, including "Commissar" Semashko and Dr. Itosanoff.

A bulletin issued yesterday states that the stitches have been removed and that the wound is mending nicely. The operation was by local anesthetic.

"The Pravda" today published a picture of the bullet showing it had been deeply notched. Dr. Semashko informed the correspondent that the bullet was imbedded in the muscles of the chest near the breast bone. Only a small incision was necessary to remove it.

According to alleged disclosures of activities of Soviet revolutionaries at the time of the attempted assassination of the Soviet premier, the bullet had been poisoned. It caused Premier Lenine much discomfort and it is believed that it was the cause of his recent insomnia and nervousness.

## MILLER PRAISED AT GRANT DINNER; CLARKE ATTENDS

Binghamton, April 28. — The words of Lincoln were paraphrased to apply to Governor Miller by Lieutenant Governor Wood at a Grant anniversary observance here last night. "We cannot spare that man," the lieutenant governor said of his chief at a dinner attended by 200 men and women Republicans of Broome county. Mr. Wood, Chairman Pro-Tem of the Public Service Commission, Congressman John D. Clarke and other men prominent in the party spoke.

## FIVE MURDER INDICTMENTS FOLLOW DEATH OF ONE MAN

Buffalo, April 28. — Five first degree murder indictments, growing out of an alleged holdup-gang affair with prospective customers, were returned in superior court here today.

It is charged that Samuel Siranni of Niagara Falls and two companions were delivering a load of whiskey to the five men in a Buffalo suburb. A quarrel ensued over the liquor during which Siranni was shot dead.

### FOREST FIRES IN DUTCHESS.

Poughkeepsie, April 28. — Forest fires have devastated the eastern slope of Mt. Beacon, Dutchess county. One summer cottage was destroyed, and the Beacon road was threatened. The fire covered an area of over three miles. Twenty men are fighting the blaze, two of them from the state forest conservation commission. Fires have also been taking on the "skull mountains."

## CRIMINALS GET SEVERE TERMS IN N. Y. COURTS

Pair Who Participated in Bold Residential Robbery, Given  
40 to 60 Years

### MUST CHECK CRIME

Judge Rosalsky Warns Against  
Undue Optimism That Wave of  
Lawlessness Is Ended

New York, April 28. — Ninety-four persons appeared for sentence today in the criminal courts of Manhattan, the largest number that ever went up to the bar in a single day to take their medicine in the history of the city.

Most of them received unusually severe punishment, the judges holding that severity was needed to check the frequency of crime.

Eugene Dlasnet and Moise Bagnoll confessed participants in the recent \$75,000 midday hold-up and robbery of the Washington Square home of Albert R. Shattuck, retired banker, were both sentenced by Judge Rosalsky to terms of 40 to 60 years in Sing Sing prison. They were two of the gang of five which locked the Shattucks and their servants in the wine vault where they almost suffocated while the house was being plundered. Their counsel asked for light punishment, as both had good war records in the service of France. Bagnoll has a wife and two children in that country, the lawyer said.

"A substantial sentence must be imposed," said the judge. "Such a sentence as will strike terror to the heart of bandits of this kind."

Three of the four men who tried to hold up Charles M. Brady, construction company cashier, on March 31 near the Grand Central Terminal, were given 18 year sentences by Judge Rosalsky as second offenders, and the fourth one got eight years as a first offender. All had pleaded guilty. Theirs was a daylight hold-up frustrated by detectives tipped off in advance.

Charles E. Tampa, 22, twice convicted of carrying a pistol, got seven years.

Harry Twitt, 24, was given a 30-year sentence for holding up the owner of a delicatessen store and forcing him to turn over \$59 in the cash register. Phillip Spallotti, 18, received a ten-year sentence for a similar crime.

A warning against undue optimism that crime has been checked was given out by Judge Rosalsky.

Police turned in a record today that proved admirable thunder for Commissioner Enright in his campaign to convince New York that the city has not and has not had any crime wave.

In the eight hours ending at 8 o'clock this morning, not a single thing happened to break the placidity of police department.

There was not a murder, a holdup, affairs before. Criminal court judge, theft. The blotters in all the precinct stations remained virgin.

The oldest man around the department could not recall such a state of a robbery, not even an automobile who have been meeting out stiff sentences to offenders were given much of the credit for the clean up.

## JOFFRE SAILS FOR HIS HOME TODAY

Expresses Gratification That the  
Friendship of America for  
France Continues

New York, April 28. — Marshal Joffre passed his last full day in New York quietly with only one or two short trips from his room. But as the day closed he issued a statement addressed to the people of America.

"I had indeed retained an ineffable remembrance of my stay in America in 1917, but the recollections of sympathy and friendship which have again come to me have proved that the heart of the America, once won, is never lost." The statement said.

"I carry away with me the conclusive proof of the kindness of the American people in their friendship. But I cannot take for my own all the friendships that have been mine, for the greater part of them I consider were meant for my country. But I like to see in these the evidence and the promise that the feeling of affection of your great country for me is not in danger of extinction."

Tomorrow at noon the marshal sails for home on the White Star liner "Ohio." He will stop at Liverpool a few days, spend one day in London, then across the channel to Europe.

## FORMER POSTMASTER FINED AMOUNT OF HIS SHORTAGE

Syracuse April 28. — Edward J. O'Brien, former postmaster of Tyrone, N. Y., who failed to account for a shortage of \$2,446.59, was fined that amount by Judge Cooper in federal court here today. O'Brien pleaded guilty to an indictment, charging misappropriation of government funds during his tenure of office, but it was claimed in his defense that the shortage was due more to mismanagement and violation of his conscience by postal employees in the Tyrone office.

### INTRUDER AT SCHENEVUS

Attempts to Gain Entrance to William Vandusen's Residence, But Is Frightened Away.

Schenevus, April 28. — When William Vandusen and his hired man were in the barn at 4 o'clock Wednesday morning, attending to the milking of 25 head of cattle, a tramp tried the windows and doors of the farmhouse and aroused the wife from slumber. Mrs. Vandusen, who was Susie Thompson of Chaseville, and her little three-months-old infant were sleeping in the front sitting room. She ordered the man to get off the porch, but he insisted that she hand over her money to him. It was too dark to distinguish the man's features, but he was a large fellow. The wife and mother realized that the back door was unlocked after the men had gone to the barn, and hardly had she secured and fastened it when the prowler was pounding and trying to force an entrance at the rear of the house. Mrs. Vandusen then screamed, hoping to attract the attention of her neighbors, the Henry Denny's, but that family were still slumbering. The alarm, however, frightened the man away and he ran toward the railroad tracks. William Vandusen is living on the farm which he recently purchased from A. M. Chamberlain, and the barn is across the road and fully 25 rods from the house, so the men could not hear the cries for help. All housewives in the upper part of the town are now locking the doors, particularly when the men folk are absent.

—The 200 men laid off in the D. & H. cars shops here April 21 will not be called back to work on May 1, it was announced by company officials last evening. Orders were received yesterday making the layoff of indefinite duration. ## DRIVE ENDS TONIGHT

Mayor Miller Urges Boys on to Greater Activity at Campaign Supper.

The feature of last night's supper of the Y. M. C. A. Boys' department campaign workers was an address by Mayor Miller, who urged the boys on to greater efforts in behalf of the cause and declared that organized activity was essential to any community project. He predicted that tonight would see successful wind-up of the membership campaign and that 125 boys would be active members of the "Y." Secretaries Lange and Smith also gave brief talks urging the boys to make the last day the biggest one.

The Blues still lead in the campaign having a total of 235 points; the Reds are second with 170 and the Whites third with 135. It means some strenuous hustling today if the quota is reached, but the boys declared their intention of finishing up the job right tonight. The campaign closes at 9 o'clock tonight.

There was a full attendance of workers at the supper and the meetings were very enthusiastic. Credit is due the ladies' auxiliary for the tasty supper which was prepared. Tonight at 6:15 will mark the last supper although the boys have until 9 to get members.

## CLEAN-UP BEGINS MONDAY

Gather the Rubbish While You May for City Teams to Cart Away—When Shades of Saturday Drop Down Ours Will Be Known as "Spotless Town."

Today is the day for the spirit of Clean-Up Week to move, and cause to be moved, and later removed, all the rubbish, tin cans, garbage, and other miscellaneous "junk" which has accumulated around houses and back yards during the winter months. For Monday, May 1, is the first day of Clean-Up Week and starting today and continuing throughout the week until next Saturday, the campaign for a cleaner Oneonta and more attractive neighborhoods will be on in full force.

Spring house-cleaning, on the outside as well as the inside of Oneonta's homes, is officially started, by proclamation of Mayor C. C. Miller setting aside next week for the annual Clean-Up movement. The weather man, the Clean-Up committee maintains that Spring is here and that now is the time.

This morning groups of Boy Scouts, under the personal supervision of a Rooster, in each ward, will distribute the various household lotteries from the Clean-Up Week committee, requesting each citizen of Oneonta to get behind the movement, and work together at one and the same time for a cleaner, healthier, and more beautiful Oneonta. In the words of the circular:

"Let's work together, you with your neighbors, we with ours, so that by cleaning up all at once we can start the month of May (Spring!) with a Cleaner Oneonta, throughout the entire city. That means cleaner houses, outside as well as inside, and remember that others are depending on the inside of your home by what they see on the outside of your residence—your lawn, your back yard, hedges, gardens, etc."

As previously announced, a team and wagon furnished by the Board of Public Works will make the rounds of each ward, beginning Monday in the First ward and ending next Saturday in the Sixth ward.

That "Fix-Up" is beginning to mean as much in the annual movement as "Clean-Up" has been evidenced in the last few years by the various repairs and improvements made around houses and lawns by various residents during Clean-Up Week. Planting of flower beds and vegetable gardens likewise seems appropriate at this time, and judging by the demand for flower and vegetable seeds being received at the various stores, and for the Congressional Chamber of Commerce offices, it seems quite evident that a lot of it is being done just now.

ROSAMOND CARREL COMING.

To Give Entertainment for School Children May 9th.

Arrangements were completed Thursday afternoon for the coming Tuesday afternoon, May 9th, of Miss Rosamond Carrel of New York city, who at 4:15 that afternoon at the High school auditorium will give a recital of songs for children and fairy tales. These will be accompanied by the presentation of 150 pictures. The tickets will be nominally priced for the children of the more advanced pupils of the High school in this city, for which arrangements are later to be made.

ELKS' GLEE CLUB TUESDAY.

Great Interest Being Shown in This Concert.

All roads will lead to the Oneonta theatre next Tuesday evening for it is the time that the much anticipated Spring concert is to be given by the Elks' Glee club of Oneonta. Large audiences are already assured as there has been a lively demand for tickets which are being sold by the members of the club. "At the End of the World" is the photoplay feature in which Betty Compton, Milton Sills and Mitchell Lewis are co-stars. This is a melodramatic presentation of underworld, wreck and regeneration. The program commences at 7 o'clock sharp and will be repeated again at 9 o'clock. Patrons are urged to be in their seats at each opening.

There's Meat in This Coccaunt.

We all have a fad. Some are good and some are bad. I'm unselfishly working to get little fellows out of the bad fads and into good ones, where small amounts safely roll up to millions of dollars for homes, old people, loss of a job or to send a boy or girl to college. Thoughtful people say—"Fully for you, go to it," as my fad helps to stop the crime wave by giving little fellows money, without having to lie, cheat, steal and kill, in order to get it. Uncle Sam and Secretary of Commerce Hoover have put their O. K. on my fad and help me. If we would all do this, what a big blessing it would be for Oneonta and its people. In the safe and sane Oneonta Building and Loan association. Advt. 11.

Canton David Wilber, No. 37, I. O. O. F., will serve supper in I. O. O. F. temple dining room Saturday evening, April 29. Supper from 5 p. m. until all are served.

## SHELDON SALES STABLE SOLD

Fred Whipple Purchases Building, Business and Residence of Hiram W. Sheldon, and Will Continue the Business.

H. W. Sheldon, who long has conducted a horse market in this city and for much of the time auction sales each week at his stables, has disposed of the business to Fred Whipple, who takes possession May 1 and will continue the business. Mr. Sheldon has brought in from the western markets hundreds of horses annually and has a wide acquaintance among the farmers in this section. In fact his sales stables has been visited by many of them each week.

Mr. Whipple also purchases of Sheldon the stable buildings and the fine brick residence which Mr. Sheldon built a few years since, at 386 Main street directly in front of the stables. Mr. Sheldon takes in part payment the home at 368 Main street which Mr. Whipple purchased of Mr. Sheldon about a year since. Mr. Whipple takes possession of the new home June 1, at which time Mr. Sheldon will occupy the house at 368 Main street. At that date Mr. Whipple will leave his place on South Side. Mr. Whipple will continue the sales stables much on the same lines as Sheldon have been conducted by Mr. Sheldon and the latter will remain with him at least until July 1 to familiarize him with the business. After that date Mr. Sheldon will take life easier, though doubtless continuing along other lines.

The retirement of Mr. Sheldon removes from the active management of the stables a man who has occupied a rather unique position with those with whom he has had dealings, having enjoyed a reputation for square dealing and making good whatever of recommendations he gave animals sold at his stables. He will have the best wishes of all his acquaintances.

Junior "Prom" at Normal.

Arbor Day was a fitting date for the Junior "Prom" at the Normal, one of the most popular social events of the school year. The committee in charge of arrangements spared no efforts to make this year's "Prom" one of the most enjoyable in the history of the school. The dance was given in the gymnasium, with the Colgate live as "synchronizers." The room was crowded to its capacity, about four hundred guests being present. Ice cream and cake were served during the evening. The students of the Normal, members of the faculty and invited friends were guests. The dancing continued until midnight, at which time the guests departed for their homes and the much-looked-forward-to "prom" was over.

City Firemen Entertain.

A crowd that taxed the capacity of Municipal hall was present at the dance given by the Oneonta Fire department last evening, fifty couples being the estimated number in attendance. Collier's orchestra furnished the music and joy reigned supreme throughout the evening. The fire laddies have the reputation of doing a good job when they entertain and last evening they were at their best.

For sale—Dining room set. Extra fine furniture, as good as new, a bargain for quick sale. Inquire at Winney's Lunch room, Broad street. Advt. 31.

## NEW HOTEL DINING ROOM

Work Commenced on Hotel Oneonta Dining Room to Replace the Present One, Leased for Theatre Purposes—Orchestra to Arrive Today.

Work has commenced at the Hotel Oneonta on the dining room to replace that now in use and which has been leased to the Schine Theatrical corporation for theatre purposes. The room now occupied by Reynolds' Barber shop, at the rear of the lobby, will be converted into a modern dining room and attractive quarters will be arranged for Mr. Reynolds in his old location in the basement.

As soon as his new shop is ready Mr. Reynolds will move thereto and work of remodeling the present barber shop for use as a dining room will be rushed to completion. Doorways have already been cut into the kitchen and serving rooms. The room will be redecorated and converted into a most attractive place in which to drink. New furnishings will be supplied throughout, including silver, glassware, linen, china and rugs. It is planned to have the room ready for occupancy by May 5.

It is expected that Miss Joslyn and her ladies on hestra will arrive today. Three cowboys from 12 to 2, from 8 to 8, and from 9 to 10:30 will be given by this capable organization from the balcony recently constructed at the rear of the lobby. Four musicians will be used at first and two more pieces may be added during the summer season. The orchestra, which is composed entirely of string instruments, will play only concert music.

## TONIGHT WILL TELL STORY

Whether Options on Valuable Ball Players Will Be Taken Up Depends Upon Success of Membership Drive Ending Tonight.

Whether the Athletic association will take up the options on services of players Manager Al Bridwell has tentatively signed up for Oneonta's ball team, will be determined tonight when the final reports on this week's membership drive will show either that 750 citizens have pledged the necessary support, augmented by gate receipts at games, to meet the payroll of a fast team; or that the canvassers have fallen short of the goal and Bridwell's plans must be curtailed because of negligence or indifference of a few citizens.

Wednesday night 504 names were on the membership rolls, 240 short of the goal. Although no reports have been called for since then, President F. H. Harris has received unofficial reports from a few of the canvassers of 64 additional members, leaving 182 to be reported by this evening in order to insure the full support that Manager Bridwell has counted upon.

Grading at the Athletic field has practically been completed and this work will be finished today, it is expected. An inspection of the progress being made on the new fence and the laying out of the running track will be conducted this morning by members of the Park commission.

## New Nash Agency.

Fred Wolcott and L. F. Stanton have formed a partnership under the firm name of Wolcott & Stanton and have taken over the Nash agency for Otsego and Delaware counties. They were associated in the automobile business here in 1917 and 1918 and are both well known in this section. They report the arrival of a carload of Nash cars on Thursday and that all of the cars have sold.

## CLEAN-UP BEGINS MONDAY

Gather the Rubbish While You May for City Teams to Carry Away. Rubbish Sheds of Saturday Drop Down Ours Will Be Known as "Spotless Town."

Today is the day for the spirit of Clean-Up Week to move, and cause to be moved, and later removed, all the rubbish, tin cans, garbage, and other miscellaneous "junk" which has accumulated around lawns and back yards during the winter months. For Monday, May 1, is the first day of Clean-Up Week and starting today and continuing throughout the week until next Saturday, the campaign for a Cleaner Oneonta and more attractive neighborhoods will be on in full force.

Spring house-cleaning, on the outside as well as the inside of Oneonta's homes, is officially started. By the action of Mayor C. C. Miller setting aside next week for the annual Clean-Up movement. Despite the voiced opposition of the weather man, the Clean-Up committee maintains that Spring is here and that now is the time.

This morning groups of Boy Scouts, under the personal supervision of a Booster, in each ward, will distribute to the various households letters from the Clean-Up Week committee, requesting each citizen of Oneonta to get behind the movement, and work together at one and the same time for a cleaner, healthier, and more beautiful Oneonta. In the words of the circular:

"Let's work together, you with your neighbors, we with ours, so that by cleaning up all at once we can start the month of May (Spring) with a Cleaner Oneonta, throughout the entire city. That means cleaner homes, outside as well as inside, and that means that other people judge the inside of your home by what they see on the outside of your residence—your lawn, your back yard, hedges, gardens, etc."

As previously announced, a team and wagon furnished by the Board of Public Works will make the rounds one day in each ward, beginning Monday at the first ward and ending next Saturday in the Sixth ward. That "Fix-Up" is beginning to mean as much in the annual movement as "Clean-Up" has been evidenced in the last few years by the various repairs and improvements made around houses and lawns by various residents during Clean-Up Week. Planting of flower beds and vegetable gardens likewise seems appropriate at this time, and judging by the demand for flower and vegetable seeds, being received at the various stores, and for the Congressional seeds being distributed at the Chamber of Commerce offices, it seems quite evident that a lot of it is being done just now.

## ROSAMOND CARREL COMING.

To Give Entertainment for School Children May 9th.

Arrangements were completed Thursday afternoon for the coming to Oneonta on Tuesday, May 9th, of Miss Rosamond Carrel of New York city, who at 4:15 that afternoon at the High school auditorium will give a recital of songs for children and fairy tales. These will be accompanied by the presentation of 150 pictures. The tickets will be nominally priced for the children of the grades in the schools. The arrangements were concluded Thursday with Julius Hopp of Watton representing Miss Carrel. It is expected that this same evening of the same week Miss Carrel will recite grand opera selections for the entertainment of the more advanced pupils of the High school in this city, for which arrangements are later to be made.

## ELKS' GLEE CLUB TUESDAY.

Great Interest Being Shown in This Concert.

All roads will lead to the Oneonta theatre next Tuesday evening for it is the time that the much anticipated spring concert is to be given by the Elks' Glee club of Oneonta. Large audiences are already assured as there has been a lively demand for tickets which are being sold by the members of the club. "At the End of the World" is the photoplay feature in which Betty Compson, Milton Sills and Mitchell Lewis are co-stars. This is a melodramatic film sensation of underworld, wreck and regeneration. The program commences at 7 o'clock sharp and will be repeated again at 9 o'clock. Patrons are urged to be in their seats at each opening.

## There's Meat in This Coconut.

We all have a fad. Some are good and some are bad. I'm unselfishly working to get little fellows out of the bad fads and into good ones, where small amounts safely roll up to millions of dollars for homes, old age, sickness, loss of a job or to send a boy or girl to college. Thoughtful people say: "Dully for you, go to it," as my fad helps to stop the crime wave by giving little fellows money, without having to lie, cheat, steal and kill, in order to get it. Uncle Sam and Secretary of Commerce Hoover have put their O. K. on my fad and help me. If we would all do this, what a big blessing it would be for Oneonta and its people. I'm the safe and sane Oneonta Building and Loan association. Advt. 11.

## SHELDON SALES STABLE SOLD

Fred Whipple Purchases Building, Business and Residence of Hiram W. Sheldon, and Will Continue the Business.

H. W. Sheldon, who long has conducted a horse market in this city and for much of the time auction sales each week at his stables, has disposed of the business to Fred Whipple, who takes possession May 1 and will continue the business. Mr. Sheldon has brought in from the western markets hundreds of horses annually and has a wide acquaintance among the farmers in this section. In fact his sales stables have been visited by many of them each week.

Mr. Whipple also purchases of Sheldon the stable buildings and the one brick residence which Mr. Sheldon built a few years since, at 366 Main street directly in front of the stables. Mr. Sheldon takes in part payment the home at 366 Main street which Mr. Whipple purchased of Mr. Sheldon about a year since. Mr. Whipple takes possession of the new home June 1, at which time Mr. Sheldon will occupy the house at 366 Main street. At that date Mr. Whipple will lease his place on South Side. Mr. Whipple will continue the sales stables much on the same lines as they have been conducted by Mr. Sheldon and the latter will remain with him at least until July 1 to familiarize him with the business. After that date Mr. Sheldon will take life easier, though doubtless continuing along other lines.

The retirement of Mr. Sheldon removes from the active management of the stables a man who has occupied a rather unique position with those with whom he has had dealings, having enjoyed a reputation for square dealing and making good whatever of recommendations he gave animals sold at his stables. He will have the best wishes of all his acquaintances.

## Junior "Prom" at Normal.

Arbor Day was a fitting date for the Junior "Prom" at the Normal, one of the most popular social events of the school year. The committee in charge of arrangements spared no efforts to make this year's "prom" one of the most enjoyable in the history of the Normal. The dance was given in the gymnasium, with the Colgate Five as "synchronizers." The room was crowded to its capacity, about four hundred guests being present. Ice cream and cake were served during the evening. The students of the Normal, members of the faculty and invited friends were guests. The dancing continued until midnight, at which mystic hour the guests departed for their homes and the much-looked-forward-to "prom" was over.

## City Firemen Entertain.

A crowd that taxed the capacity of Municipal hall was present at the dance given by the Oneonta Fire department last evening, fifty couples being the estimated number in attendance. Collier's orchestra furnished the music and joy reigned supreme throughout the evening. The fire laddies have the reputation of doing a good job when they entertain and last evening they were at their best.

For sale—Dining room set. Extra fine furniture, as good as new, a bargain for quick sale. Inquire at Winney's Lunch room, Broad street. Advt. 31.

## NEW HOTEL DINING ROOM

Work Commenced on Hotel Oneonta Dining Room to Replace the Present One, Leased for Theatre Purposes—Orchestra to Arrive Today.

Work has commenced at the Hotel Oneonta on the dining room to replace that now in use and which has been leased to the Schine Theatrical corporation for theatre purposes. The room now occupied by Reynolds' Barber shop, at the rear of the lobby, will be converted into a modern dining room and attractive quarters will be arranged for Mr. Reynolds in his old location in the basement.

As soon as his new shop is ready Mr. Reynolds will move thereto and work of remodeling the present barber shop for use as a dining room will be rushed to completion. Doorknobs have already been cut into the kitchen and serving rooms. The room will be redecorated and converted into a most attractive place in which to dine. New furnishings will be supplied throughout, including silver, glassware, linen, china and rugs. It is planned to have the room ready for occupancy by May 5.

It is expected that Miss Joslyn and her ladies orchestra will arrive today. Three concerts, from 12 to 2, from 6 to 8, and from 9 to 10:30 will be given by this capable organization from the balcony recently constructed at the rear of the lobby. Four musicians will be used at first and two more pieces may be added during the summer season. The orchestra, which is composed entirely of string instruments, will play only concert music.

## TONIGHT WILL TELL STORY

Whether Options on Valuable Ball Players Will Be Taken Up Depends Upon Success of Membership Drive Ending Tonight.

Whether the Athletic association will take up the options on services of players Manager Al Bridwell has tentatively signed up for Oneonta's ball team, will be determined tonight when the final reports on this week's membership drive will show either that 750 citizens have pledged the necessary support, augmented by \$200 in cash, to meet the payroll of a fast team; or that the canvassers have fallen short of the goal and Bridwell's plans must be curtailed because of negligence or indifference of a few citizens.

Wednesday night 504 names were on the membership rolls, 248 short of the goal. Although no reports have been called for since then, President F. H. Marx has received unofficial reports from a few of the canvassers of 64 additional members, leaving 182 to be reported by this evening in order to insure the full support that Manager Bridwell has counted upon.

Grading at the Athletic field has practically been completed and this work will be finished today, it is expected. An inspection of the progress being made on the new fence and the laying out of the running track will be conducted this morning by members of the Park commission.

## New Nash Agency.

Fred Wolcott and L. F. Stanton have formed a copartnership under the firm name of Wolcott & Stanton and have taken over the Nash agency for Otsego and Delaware counties. They were associated in the automobile business here in 1917 and 1918 and are both well known in this section. They report the arrival of a carload of Nash cars on Thursday and that all of the cars have sold.

## LEWIS VROOMAN DEAD

Forty-Eight Years D. & H. Machinist and Last Surviving Charter Member of Centennial Lodge, I. O. O. F.

Lewis Vrooman, for many years a well-known and highly respected resident of this city, died after only a few hours' illness at about ten o'clock Friday morning at his home, 42 Grove street. Mr. Vrooman suffered an attack of illness about ten days before. From this, however, he had apparently fully recovered, and no uneasiness had been felt by the family until Thursday evening, when his condition again became less favorable. The immediate cause of death was heart failure.

The funeral services will be held at the family home at 2 p. m. on Monday, May 1. Rev. Dr. Charles S. Pendleton of the Main Street Baptist church will officiate, and burial will be in the family plot in the Plains cemetery. Centennial lodge of Odd Fellows will have charge of the services at the grave.

Mr. Vrooman was born in November, 1851, in Schenectady, and was a son of Lewis and Eliza Jane (Anthony) Vrooman. He came to Oneonta 48 years ago, entering as machinist the service of the Delaware & Hudson company, with which he remained until April 1 of the present year, when he was retired on pension. He was a member in early life of the Protestant Episcopal church at Schenectady, and after coming to Oneonta he was so long as his hearing permitted, an attendant on the services of the First Presbyterian church. He was also a member of the Machinists' union, an honorary member of Canton of Odd Fellows, which was organized 46 years ago.

The surviving members of his immediate family are his wife, formerly Miss Ella Jones, to whom he was married in 1873; two daughters, Miss Ella Vrooman of Oneonta and Miss Elizabeth Vrooman of Albany; a brother, Anthony Vrooman of Schenectady, and an aunt, Mrs. Harrie Negus, who was a member of his household. The other of his children, Charles L. and Ella Vrooman, died within three weeks of each other of influenza, in the early winter of 1918-19.

The deceased was a faithful and proficient workman, a genial, kind-hearted, sympathetic friend and neighbor, and a generous ally in thought and deed. He was a loving and considerate husband and father, and in his death the family is in the fullest sense bereaved. In their loss they will have the sympathy of all who knew him, and in particular of his shop associates by whom, being best known, he was most highly esteemed.

## Funeral of LeGrand Johnson.

The funeral of LeGrand Johnson, whose tragic death occurred on Tuesday last, was held from his late home, 32 Clinton street, yesterday afternoon at 2 o'clock, and was attended by a large number of relatives and friends. Rev. J. C. Johnson officiated, his remarks being full of kind remembrance of the deceased and of tender sympathy for the bereaved relatives. There were many beautiful floral tributes, including several from the Blacksmiths' union and the Loyal Order of Moose, of which organizations Mr. Johnson was a member. Burial was in the mausoleum at the Plains cemetery, the bearers being Thomas Foley, Frank Hochkiss, J. A. Caudill, B. Dibble, Glenn Wooten and Jesse Perry, who acted in a like capacity at Mrs. Johnson's funeral ten weeks ago.

Mr. and Mrs. Archie A. Bernard of Coudersport, Pa., who are in Schenectady for a few days, the guests of the former's parents, Mr. and Mrs. Herbert Bernard, were in Oneonta yesterday on business and incidentally calling on friends. Mr. Bernard, who is editor and publisher of the Erie Enterprise, a leading journal of Northern Pennsylvania, is an enthusiastic angler at Coudersport as his father is at Schenectady; and his accounts of better court fishing would make even a supreme court justice envious.

## Death of Mrs. Susan Pierce.

Westford, April 28.—(Special).—Susan Pierce died at her home in Westford Sunday, April 23. She had been in failing health for the past year but the immediate cause of her death was a stroke she suffered on Saturday. Mrs. Pierce was born in Hienheim, Schoharie county, where she spent most of her earlier days, then moving to Westford, where she had resided since the death of her late husband, William Pierce. She was a devoted wife and loving mother, respected and loved by all who knew her.

Through her last sickness she was most tenderly cared for by her children, to whom the sympathy of the community was extended. The funeral services were held at her late home by Rev. Mr. Evelyn of the Methodist church and burial was in the family plot at Milford Center. She leaves five children, one brother and three sisters.

**Death of Mrs. William Fagan.**

## MRS. BEYEA VISITS CITY

Authoritative Expert on Social Hygiene Gives Several Addresses.

Mrs. Isobel Beye, an expert on social hygiene visited Oneonta yesterday for the purpose of addressing several organizations on the subject of Civic Improvement. She delivered an address at the High school in the morning, in which the students gave undivided attention and responded with overwhelming applause. Her stories of war experiences never fail to bring tears and laughter. In the afternoon at 2 o'clock she addressed a gathering of the Otsego County Nurses' association at the Community House.

The subject of her talk was "Civic Opportunities." She urged the nurses not to confine their activities to "dressing and cases" but to mingle with business people so that they may have an unrestricted outlook on life. She related several of her experiences as a nurse with the American Expeditionary forces in France during the World War in order to show that a nurse must give inspiration as well as medicine. In closing she asked that the nurses should not forget that every patient may be made a better citizen through the influence of a nurse. Eighteen members of the Nurses' association had the pleasure of hearing Mrs. Beye. Mrs. Beye also addressed the students at the River and Chestnut Street schools.

The community was most fortunate in being able to have Mrs. Beye's services, for she is a woman who is a great demand as a public speaker who gets and holds the attention of every audience. Mrs. Beye is a registered nurse and has the distinction of being the first American nurse to see service in the World War. She entered the French army as a nurse in 1914, later transferring to the American Expeditionary Forces. She has been decorated by the governments of the United States, Great Britain and France. Since the war Mrs. Beye has been speaking to public gatherings and has been in great demand on the Chautauqua circuits.

## ONE OF OLDEST RESIDENTS

Mrs. Elizabeth W. Slawson Passes Away at Home of Daughter in This City at Age of 98—Funeral Sunday Afternoon.

Mrs. Elizabeth Slawson died at 5 o'clock Friday morning at the home of her daughter, Mrs. W. A. Lakin, 50 Elm street, following a prolonged illness from the infirmities of age. Funeral services will be held from the home at 2 p. m. Sunday, Rev. Dr. E. J. Farley officiating in the absence of her pastor, Rev. Dr. J. C. Russell. Interment will be in the family plot at Glenwood cemetery.

Mrs. Slawson was born in Duaneburg, Saratoga county, in 1826, and was the daughter of Jacob and Martha (Richardson) Slawson. In 1847 she was united in marriage at Duaneburg to Samuel Slawson, who died 27 years ago, and immediately following the marriage they moved to the Slawson homestead at North Franklin. There she resided until 18 years ago, when she came to Oneonta to live with her daughter, Mrs. Lakin. Surviving her are three daughters, Mrs. W. J. Lakin of this city, Mrs. A. N. Denney of Mt. Vision, and Mrs. C. J. Gates of North Franklin; and two sons, George N. Slawson of Oneonta and Emmet Slawson of North Franklin. There are also 10 grandchildren and 12 great grandchildren.

The deceased was a member of the First Presbyterian church of this city and was a regular attendant until failing health forbade. Of a devout Christian character and deeply devoted to her home and family, Mrs. Slawson was deeply respected by all who knew her, and her death will be deplored by a wide circle of friends and acquaintances.

## TROUT STREAMS OF CANADA ARE CALLING AMERICAN ANGLERS

A LITTLE BEAUTY FROM A LAURENTIAN MT. STREAM

The song of the reel will soon be sounding beside the trout streams. Ardent fishermen are overhauling their outfits and stocking their tackle boxes in anticipation of annual expeditions to favorite fishing waters. Each succeeding year sees greater numbers of American sportsmen heading for the woods and streams of Canada, for one who has discovered a likely stream in an out-of-the-way corner of Quebec or Ontario, tells his pal about it with the result that his pal accompanies him the next season. In addition to the great supply of game fish in Canadian waters, is the easy accessibility of many of these streams to the American border. A night's ride from New York, Boston, Pittsburgh and many other cities, lands one in Montreal or Toronto. Within two hours' travel from Montreal the trout streams begin. One may drop off and whip the falls of the Riviere

du Nord that foams and dashes alongside the railway, or detain at one of the many stations and hit the trail for the wilderness back from the line. Should be continue on to Mont Laurier at the end of the branch, a whole wilderness of trout streams is his to fish and explore. The maze of waterways in and about Mont Laurier is dotted with fishing clubs, but the area is so vast that one is never bothered by neighboring fishermen. North from Toronto is the celebrated French River district and a

network of other streams and lakes, among which is Trout Lake rich in small mouth bass and huge lake trout in their seasons. A fisherman's lodge here provides comfortable accommodations and good food, also boats and guides. This stretch of country east of Georgian Bay is a veritable fisherman's paradise which absorbs an army of sportsmen and their families every summer. Here, too, are to be found fishing clubs where the lone fisherman meets his fellows and swaps fishing stories over the evening camp fire.

## NORTH KORTRIGHT NOTES.

**Farm Sale Did Not Materialize—Mr. Cronk Removes to Harpersfield.**  
North Kortright, April 23.—The negotiations pending between Richard McKee of Oneonta and A. G. Van Zandt of West Harpersfield for the purchase of the latter's farm—the former George J. Add property—have been dropped, at least for the present. Mr. McKee now holds an excellent position as bridge carpenter with the Delaware & Hudson R. R. company and while he has a "hankering" for farm life, having resided in boyhood on a farm near Kortright station, the uncertainties of the milk business and other problems connected with agriculture have served to remind him of the old adage, "A bird in the hand is worth two in the bush."

## Goes to Harpersfield.

Frank Cronk, who recently sold his farm in this vicinity to William Porter, of whom he purchased it a few years ago, will remove to Harpersfield village about May 1, when Mr. Porter takes possession of the farm property again.

Your fall painting—  
Don't put it off

IT'S always cheaper to paint before its needed than afterward. Takes less paint. Costs less to put it on. Fall weather is ideal for painting. Sun not too hot. Dries slower and will last longer. No pesky flies to disfigure it.

Painters, too, are not so rushed, and will give more care to the work.

And when you buy your paint don't begrudge the few cents difference between a cheap paint and a paint

that's really cheap. The cheap paint isn't cheap at any price.

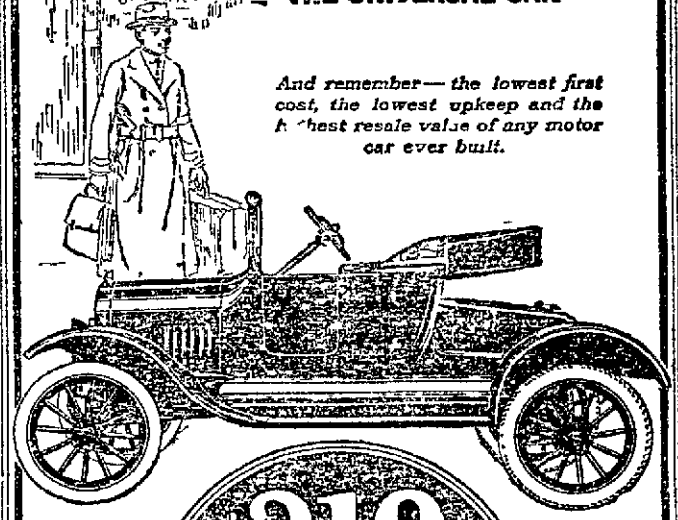

The paint that's cheapest is cheap because it goes further and costs less to make it go. Such a paint is Lowe Brothers High Standard. Besides, it lasts longer and looks better as long as it lasts.

Come in and ask for booklet, "Figure Your Painting Costs With a Brush—Not a Pencil." It's free. So is the color card.

## LIKES HIS OWN POEMS

Young Shah of Persia Seems to Make Hit With Himself.

Admits His Stuff May Be Little Better Than That of Omar Khayyam —Is Something of a Linguist—Also Good Tennis Player.

London.—The young shah of Persia who recently left his capital, Teheran, for another trip to Europe, is said to hold a high opinion of himself as a poet. In fact, according to a story told here, he puts himself in a class with Omar Khayyam and considers himself, if anything, a trifle better than his great countryman.

As the story is told by a London paper, a British minister at Teheran called on the shah at the request of English admirers of the great Persian poet and asked that better care be taken of his grave at Nishapur where, as Omar predicted, "the north wind still scatters roses on his tomb."

But the shah could not be impressed with this need. Persia, he declared, had lots of poets and he, himself, was possibly a little better poet than Omar.

Ahmed Mirza, shah of Persia, is only twenty-four years old and this, some say, may account for this opinion. He knows English and Russian and talks French fluently and accurately and has been reported as eager to learn western ways and institutions.

In appearance his majesty is short and stout. He takes a lively interest in sports plays a good lawn tennis game and in order to encourage open air sports in Persia, founded the Imperial Sports club at Teheran, placing at its disposal a piece of crown land.

His father, Mahmud Ali, lost his throne in consequence of his attempts to stamp out the constitutional system in Persia, and regain the absolutism of his ancestors.

Ahmed, who was then in his twelfth year, was proclaimed sovereign in 1909 and his father was sent into exile on the famous island of Prinkipo, where President Wilson proposed that the shah hold a conference with the Russians as a part of the after war peace negotiations.

He has been credited with having kept Persia from taking the side of the central powers in the World

## Baptist Women Undaunted by Big Task

To Raise \$2,000,000 for Home and Foreign Mission Work.

Northern Baptist women throughout the United States are today engaged in one of the largest money-raising efforts ever entered upon by women alone. During March and April they will carry on a campaign for \$2,000,000, for the work of the fiscal year, on home and foreign fields.

"This is woman's work, as well as man's, and our women will do it," declared Mrs. George W. Coleman, of Boston, Mass., President of the Woman's American Baptist Home Mission Society, and a member of the national committee of the Women's Continuation Campaign.

"Women today have extended their horizons to take in the needs of the world," said Mrs. Martha MacLean, President of the Woman's American Baptist Foreign Mission Society, also on the campaign committee of the members. "The day has gone when women could feel that they had done their part if they served as the family church-goers. Now women are church-goers, as well as church-goers."

"Northern Baptist women will share in the crisis that confronts the denomination," stated Mrs. H. B. Montgomery, President of the Northern Baptist Convention. "It will take a miracle for our women to raise \$2,000,000 in so short a time. Miracles can be accomplished through faith, and we have chosen, as our slogan, 'The All-in of the Kingdom'."

Although the Women's Continuation Campaign is a part of the general denominational campaign for \$2,000,000 during March and April, women have their own campaign organization, and will raise their \$2,000,000 entirely by their own efforts, through their own sacrifices, and by their own quota, and profit their services to Dr. John Y. Acheson, General Director of the general Board of Promotion of the Northern Baptist Convention. Northern Baptist women are accustomed to an unusually active part in the work of the denomination. No other great religious body has ever chosen a woman for its president. One of the members of the Administrative Committee of the General Board of Promotion are women, and there are a number of women pastors in the Northern Baptist Convention field.

Many ingenious plans for swelling the women's fund are being put into effect in the various states. In Iowa, where the women's quota is \$75,000 and where there is a large farm population, women are asked to give all the eggs laid on every Sunday during March and April to the campaign. In Illinois, where the quota is \$17,750, women are giving memory gifts, as memorials to parents, husbands, children, or other relatives. The women of Kansas are putting their campaign play "Solve Over the Top," to help secure their \$80,000 quota.

The quotas assigned to the various districts, and the district campaign directors are as follows:

Atlantic District, \$300,000, Mrs. George H. Swift, of Woodbury, N. J.; New York District, \$333,333.33, Mrs. Orrin R. Judd, of Brooklyn; Central District, \$250,000, Mrs. John Naveau, of Chicago; West Central District, \$200,000, Mrs. F. L. Miner, of Des Moines; East Central District, \$300,000, Mrs. R. L. Hutchinson, of Huntington, W. Va.

New England District, \$266,666.67, Mrs. Everett C. Herrick, of Fall River; Columbia River District, \$66,667, Mrs. V. J. Didrickson, of Seattle; Northwestern District, \$122,667, Mrs. D. D. Smith, of St. Paul; Rocky Mountain District, \$366,667, Mrs. F. I. Smith, of Denver; South Pacific District, \$124,000, Mrs. A. W. Rider, of Los Angeles.

## BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So no more liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and "heavy" feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." They "clear clouded brain" and "perk up" the spirits. 15c and 30c.

## AGED COUPLE UNITED IN DEATH

Herman Wicks Dies at Cooperstown Nine Days After Death of Wife to Whom He Had Been Married 72 Years—Engine Hits Auto Truck.

Cooperstown, April 28.—Just nine days after the death of his wife, to whom he had been united in marriage for 72 years—a record in this vicinity—Herman Wicks, one of the oldest residents of Cooperstown, passed away at his home on Main street Thursday night. The death of his wife, after a close intimacy of so many years standing affected him to a great extent, and he has faded rapidly since that time. The funeral will be held from his late home on Sunday afternoon at 2:30 o'clock, Rev. Leroy Halbert officiating. Burial will be in Lakewood cemetery.

The deceased was born in Jordanville, in 1834. In 1850 he was united in marriage to Marcia A. Stocking, whose death occurred just nine days ago. Two years after their marriage, they moved to Cooperstown where they had since resided. Mr. Wicks was a teamster for many years, being employed for some time by the firm of Wood Brothers, coal merchants. He was a member of the Baptist church of this village and was a well liked and much respected man whose death will be sincerely regretted by many. Surviving him are one son, Elbert Wicks, a grandson, Joseph Wicks and

a great granddaughter, Marjorie Wicks, all of Cooperstown.

## Locomotive Hits Auto Truck.

George Mitchell, local truckman, had a narrow escape from death last evening when his truck was struck by a D. & H. engine on the crossing near the Dairyman's League creamery. Mitchell jumped when he saw the collision was inevitable and escaped injury. The truck was badly smashed up.

Mitchell was delivering milk to the creamery and was almost on the crossing before he saw the locomotive which had drawn the evening train from Oneonta and was backing up toward the roundhouse. He was unable to stop the truck but had time to jump before the smash.

## SOME RECENT HAPPENINGS

Matters of Current Interest in Oneonta and Surrounding Counties.

Cobleskill is planning for a county-wide celebration on July 4. The American Legion post originated the idea but it is to be a community affair.

In a recent redistricting of the territory of the Dairyman's League Cooperative association, district No. 6, Delaware county was unchanged. This district had 1,656 pool members. Jan. 1, 1922, District 7, Oswego county, had 2,511 members; district 13, Chenango county, 2,426; district 5, Ulster, Greene, Schoharie, Albany, Schenectady, Montgomery, and Fulton counties had 2,408 pool members. Two deaths in one family within twenty-four hours occurred at Mineral Springs this week. The family of Chas. Benn have been seriously ill with influenza the past week which proved fatal in Mr. Benn's case on Monday night. His death was followed by that of Mrs. Benn on Tuesday morning. Their son Grover is also suffering from the same disease.

A survey is being made by the Dairyman's League in Cobleskill this week to decide upon the feasibility of establishing a milk plant at Cobleskill, with feeders at several other stations. Arthur Booms, a farmer of Schoharie, 45 years of age, died at the Albany hospital on Wednesday from injuries resulting from a collision that morning between his auto and a train on the Schoharie-Middleburgh railroad.

Fifty members of the Antlers' club of Sidney banqueted at Hotel de Cumber on Monday. The speaker of the evening was Charles C. Flaesch, east of Unadilla, who delivered an entertaining and instructive address which delighted everybody. Leonard Foster of Sidney recently suffered an attack of grip and was apparently doing well when on Easter Sunday, while the family were at dinner she suddenly noticed she had entirely lost her hearing. She saw the lips of the others moving but was unable to hear a sound. It was hoped that with her recovery from the grip she will regain her hearing. The common council has voted against daylight saving in Oneonta.

At the April term of county court in Broome county, held last week in Binghamton, thirty-five violators of highway laws paid fines aggregating \$6,525. The fines ranged all the way from \$50 to \$200, nineteen of them being at the latter figure. Work has already begun by Michaela Dignity of Rochester, the contractor on the Cherry Valley-Sheridan Springs state highway. The highway is 10.58 miles long, of which four miles are in Oswego county.

## YEGGMEN IN CHERRY VALLEY

BLOW OPEN SAFE IN PEARSON COMPANY STORE, BUT SECURE ONLY \$40 IN CASH.

Authorities Have Practically No Clues to Work on in Early Morning Drug Store Robbery; Nothing Missing Except Money in Safe and Cash Drawer—Bank and Post Office Visited in Precious Years.

Cherry Valley, April 28.—Cherry Valley was paid its annual visit by yeggmens this morning, but they did not succeed in making a very big haul and departed without molesting the postoffice or bank.

The scene of the robbery was the large store of Beth Pearson & Company, which in reality is two stores, being divided into two sections, a grocery store on one side and a drug store on the other. The two are connected by folding doors. Apparently the only place molested was the drug store. Entrance to this was gained through the rear door, a pane of glass having been broken and the bar across the door removed, giving easy access. Evidently the burglars were looking for nothing but money, as nothing else was disturbed. Their eyes fell on the small one-door safe, and they proceeded to make quick work of it. They drilled a hole in the door and putting in a little nitro-glycerine soon had the safe completely open. The door being blown several feet away. There was no inner chamber in the safe and they proceeded to ransack the contents. Fortunately the proprietors had left only \$25 in cash in the safe, and that was all there was of any value in the store.

Evidently the robbers were looking for Liberty bonds or other valuable documents, as the papers were found strewn about the floor. Their quest was fruitless, however, as there were no bonds in the safe. The cash register was the only remaining piece where money could be found, and this was rifled for contents, about \$15, making a total of \$40 which the yeggmens gleaned from their escapade. None of the stock was disturbed and the firm believes that nothing was taken except the money. The loss was more than \$40 to them as the safe was valued at an estimate of the cost to repair is put at \$200.

If the yeggmens had known it, they would not have needed to go to the trouble of blowing the safe, as it was not locked. The safe had been left open and could only be closed, and to the extent of keeping the door closed, and a slight turn of the knob would open it.

When the robbery was discovered on the opening of the store this morning, Sheriff Williams was summoned from Cooperstown and conducted an investigation. Apparently no one in the village heard the explosion which blew open the safe, and the only clue that could be secured was from a motorist who was passing through the village about 2:15 a. m. He reported that he saw a car drive up alongside the store about a half mile up the village. Of course it is not known whether this was the car the yeggmens used, but the clue will be run down if possible.

Cherry Valley was more fortunate today than in its previous experiences with yeggmens as the haul was comparatively small. It seems to be an annual event to have yeggmens visit the village and on previous occasions they have made larger hauls. The bank and post office have both been visited in years past.

## GOODYEAR LAKE ASSOCIATION

J. G. Hoyt Makes Gift of Splendid Bathing Beach to Goodyear Lake Summer Colony—Plans Under Way for Season's Activities.

At a meeting of the Goodyear Lake association held last evening in the city court room here, Attorney Lee D. Van Noort was instructed to take steps to have the association incorporated. J. G. Hoyt offered to deed to the association a plot of land with a frontage of 108 feet on the lake, 29 feet on roadway and having a depth of about 150 feet. This lot has one of the best bathing beaches on the lake and it is proposed that bath houses be erected and other improvements made. The beach for some years has been very popular in its present condition and the improvements will cause it to become even more so in the future.

The gift was accepted by the association with the expression of hearty thanks to Mr. Hoyt.

Preliminary consideration was given to various activities for the coming summer and it was announced that several committees are already at work. A membership drive is about to commence and it is expected that practically every property owner or sojourner on the lake will join the association and share in its benefits.

The annual field day will be observed in August and plans are already being made to make it an event long to be remembered.
